### Warhammer 40,000 Single Miniature

Any single human-sized Warhammer 40,000 miniature mounted on an appropriately sized gaming base. This category includes Terminators but other models supplied with 40mm and larger bases should be entered in the Warhammer 40,000 Large Monster category. Note that bike-mounted character models must be entered in the Vehicle category.

#### Examples

- Single characters (25mm bases)
- Terminators

### Warhammer 40,000 Squad

This category is for Warhammer 40,000 squads or squadrons of five or more models. This is also the category for Epic 40,000 detachments and includes gangs and mobs from Necromunda. All squads must be "legal" in game terms. Judges will be looking for units that best exemplify the qualities and character of the army they represent. This category DOES include squadrons of bike-mounted models provided they are organized into a unit of five or more models. Larger vehicle models should be entered into Category 3. All models should be mounted on an appropriately sized gaming base.

#### Examples

- Legal squads of 5 or more models
- Squadrons of bike-mounted models (5 or more)
- Heavy Weapons teams (minimum of 5 models still applies, ie. 3 teams or team with regiment)
- Necromunda mobs

Warhammer 40,000 Vehicle  
Warhammer 40,000 Monster

### Warhammer 40,000 Vehicle

This category is open to single Warhammer 40,000 vehicles, Dreadnoughts and walker models. It also covers single bike-mounted characters if this is legal for the army in question (eg, a Space Marine Captain on a bike). Battlefleet Gothic spaceships can be entered into this category as well. Although most of these models tend not to be supplied with a base, it is quite acceptable for you to mount the vehicle on a modest base (no more than 20mm larger than the vehicle itself). Forge World's Imperial Armour models may be entered in this category.

#### Examples

- Tanks
- Dreadnoughts
- SM Thunderfire Cannon
- All Titans (except Tyranid Bio Titan)
- Space Marine Captain on a bike
- Forge World's Imperial Armour models

### Warhammer 40,000 Monster

This category is for any single, large Warhammer 40,000 model that comes supplied with a base 40mm or larger that is not a Terminator. This covers models like the Avatar, Ogryns, large Tyranids, Ork Warbosses, etc. This category also covers massive models like Tyranid Bio Titans and other Forge World's monsters.

#### Examples

- Eldar Avatar
- Ogryns
- Large Tyranids (Bio Titan)
- Ork Warbosses
- Tau Battlesuits
- Tau Krootox
- Ork Shokk Attack Gun
- Tyranid Ripper Swarm
- Imperial Guard Rough Rider
